Dearest Family. Hope to leave here Tues. & arrive home 28th or 29th. Anticipation to leave, the fishing has been good!! Just wish we had some of them in our ref. and some in yours too. Hope by now you have your new ref. & are well pleased - also that you sold the old one for even $70.00 for as you said. The market is loaded with used "refs". The wea. has turned cooler - wish it would stay this way for our return trip..

Shall give you details of visit & trip later - too much confusion to even think. Trust all well at 577. Love & kisses to all - The Kids
